Pre Season

I am a regional scout for the Calgary Stampede and the Green Book is a tool that I use daily. You will be able to get your athlete's information to every coach in every level of college football and I mean everyone. *John Cook*

The Football Green Book, is an indispensable resource for students and their families. As a former college football coach who has for thirty years run seminars about navigating the recruiting process, I recommend Green Book as the primary source for reliable information about college football programs at all levels. At least one copy of this reference should be available in every high school. Carol A. White
